

**WEEK 1 WORKSHEET – INTRO: INSIGHTS IN THE SPIRIT REALM**

What is warfare – a conflict between opposing forces.

What is spiritual warfare – Conflict that doesn't originate with physical realm. It may play out in the physical, but it originates in the spirit and involves the activity of spiritual beings.

- God is a spirit, and the Bible is the record of His interaction with humanity. The Bible is the body of truths, real things, events and facts.

What do these two Scriptures, Revelation 12:7 & Ephesians 6:12, tell you about spiritual warfare?

**Revelation 12:7:**

**Ephesians 6:12:**

Drew Larson of InterVarsity defines spiritual warfare as, "The leveraging of everything that God promises against everything that opposes God's purposes."

Think about things God has promised and the opposition to those promises. Take a moment and write down at least five of them. List at least five Scriptures that can be used in the fight to rebuke the opposition.
